### REASONS FOR ALLOWANCE

---

- The following is an examiner's statement of reasons for allowance:

The claims 1-8 and 10-28 are allowed as amended over the arguments by the applicants filed with the amendment after final on 01/22/2004 and the prior art of record that neither teaches nor fairly suggestive of an electrically conductive polymeric article and a method of making the electrically conductive polymeric article meeting the limitations of the instant claims by the applicants.

The contemporary state of the art on forming electrically conductive films of Polyaniline by doping with viologens was shown by Zhao et al (Synthetic Metals, 2001, 123, Pgs 263-266) and Ng et al (J. Phys. Chem. B. 2001, 105, 5618-5625) and both the disclosures can not be a prior art for the instant application. The prior art of record neither teaches nor fairly suggestive of the limitations of the instant claims by the applicants.

- Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
